ABHISHEK TS

DATA SCIENTIST

+91 9383458701 | abisheksathyan11@gmail.com | Ernakulam,Kerala,India | LinkedIn | GitHub

SUMMARY

Aspiring Data Scientist with a foundation in Python, SQL, Machine Learning, and Data Analysis. Skilled in data collection, preprocessing, predictive modelling, and extracting meaningful insights. Eager to apply analytical and problem-solving skills to real-world projects while exploring new technologies and developing technical expertise.

PROJECTS

Stroke Prediction Using Machine Learning | LINK **January 22 - March 2026**

Technologies: Python, Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn

- Built a stroke prediction model using healthcare data with preprocessing, encoding, scaling, and SMOTE for class imbalance.
- Compared 6 classification algorithms and used GridSearchCV for hyperparameter tuning.
- Achieved ~96% accuracy with Random Forest, selected as the best-performing model based on test-set evaluation.

Student Exam Score Prediction Using Machine Learning | LINK **March 20 – May 2026**

Technologies: Python, Pandas, NumPy, Scikit-learn

- Built a regression model to predict student exam scores using study and lifestyle-related factors.
- Compared Linear Regression, Decision Tree, and Random Forest, with Linear Regression achieving the best R^2 score of 0.9045
- Applied GridSearchCV for model tuning and evaluated models using MAE, MSE, RMSE, and R^2.

Customer Churn Prediction Using Machine Learning | LINK **May 18 – June 2026**

Technologies: Python, Pandas, NumPy, Scikit-learn

- Developed a customer churn prediction model using customer data, performing data cleaning, missing value handling, duplicate removal, and Label Encoding.
- Trained and compared classification algorithms, including Logistic Regression, Decision Tree, Random Forest, and XGBoost.
- Achieved ~93% test accuracy with the tuned Random Forest model and evaluated performance using precision, recall, and F1-score.

SKILLS

- **Languages**: Python, SQL
- **Libraries:** Pandas, NumPy, Scikit-Learn, Matplotlib, Seaborn
- **Tools & Visualization:** Excel, Power BI, Jupyter Notebook, Google Colab, Visual Studio Code (VS Code)
- **Soft Skills**: Problem Solving, Analytical Thinking, Communication, Teamwork, Time Management

EDUCATION

Bachelor of Computer Applications(BCA) **2022-2025**

Cochin Arts and Science College, CGPA : 6.79

Data Science & Artificial Intelligence(AI) **2025-2026**

Avodha Edutech Private Ltd, CGPA:9.5

CERTIFICATIONS

Python Workshop **May 2025**

Completed a 5-day Python Workshop covering Python fundamentals, data structures, functions, OOP concepts, file handling, and hands-on coding exercises for problem-solving and application development.

Data Science Certification | View Certificate **July 2026**

Completed a 6-month Data Science course covering Python, statistics, data analysis, data visualization, machine learning, and predictive modeling, with hands-on experience using Pandas, NumPy, Matplotlib, Seaborn, and Scikit-learn on real-world datasets.

NSCD Certification in Data Science & AI **July 2026**

Completed the Certificate Course in Data Science & Artificial Intelligence from Avodha Edutech Private Ltd.
